DOCTORS ANNUAL MEETING IN CITY

Upper Mississippi Medical Society Elects Officers at Sessions Held at Chamber of Commerce

Clinic at N. P. Hospital---Doctors Have Dinner at the Ideal Hotel on Tuesday Evening

The Upper Mississippi Medical society at its annual business meeting in Brainerd elected these officers: President, Dr. J. B. Holst, of Little Falls; first vice president, Dr. Alexander Watson, of Royalton; second vice president, Dr. F. H. Allen, of Staples; third vice president, Dr. John C. Koch, of Blackduck; secretary-treasurer, Dr. J. A. Evert, of Brainerd.

Delegates to the state medical convention October, Dr. F. H. Knickerbocker of Staples and Dr. J. A. Thabes of Brainerd. Their alternates are Dr. Luther A. Davis of Wadena and Dr. W. W. Will of Bertha. Dr. R. A. Belse of Brainerd was re-elected censor.

Doctors reading papers at the obstetrical program designated were Dr. L. A. Davis of Wadena, Dr. F. H. Knickerbocker of Staples, Dr. W. A. Coventry of Duluth, Dr. L. M. Roberts of Little Falls, Dr. J. A. Thabes of Brainerd.

In the afternoon a clinic was conducted by Dr. A. W. Ide at the Northern Pacific hospital.

At the annual business meeting the insurance committee reported on the result of their investigation of the various liability policies.

At 6 in the evening the doctors discussed the dinner at the Ideal hotel, covers being laid for 25.

In the evening a literary program was given at the Chamber of Commerce rooms, Dr. W. A. Coventry of Duluth presiding.

GREAT FOE DRIVE SEEN

Gigantic German Thrust in West Declared Impending.

Secretary Baker Says Time Necessary for Concentration Has Delayed Advertised Offensive.

Washington, Jan. 9.—Secretary of War Baker, in his weekly military review, declares that a gigantic German thrust, possibly their greatest assault during the war, is impending.

In the great battle the Germans, Mr. Baker said, "may be counted upon to strain every fiber of their remaining strength in an endeavor to make their plans succeed."

Explains Delay.

The delay in the assault, predicted weeks ago by the German press and Allied war chiefs, has been due to the time necessary for concentration of "large troop masses, adequate artillery and ample reserves of munitions," Mr. Baker said.

He counsels the American people "on the eve of a possible German offensive" to recall that the Allies in the past have always come out victorious.

FEW STUDENT AIRMEN KILLED

Split Lip, Cracked Elbow, Total Casualties in 6 Weeks in Camp.

With the American Army in France, Jan. 9.—One split lip and one cracked elbow is the casualty list for six weeks at one of the biggest American flying schools in France.

The old suspicion that embryo fliers were killed off like Spartan weaklings is being relieved by facts from the flying centers.

In six weeks at the school, a dozen machines crashed to the ground. In every case the flier pulled himself together and walked out of the tangle.

DUCHESS OF ABERCORN

Prominent English woman actively engaged in war work.

Few of England's prominent women are not enrolled and actively working in the various service leagues, assisting the government. The Duchess of Abercorn has two daughters in war service. One is working in a munitions factory and the other is in the Red Cross service.

Man to Man Appeal to Russians and to Teutonic Libralists

(By United Press)

Washington, Jan. 9.—President Wilson is conducting a man to man appeal to the Russian people and the liberals of the Teutonic nations. He is attempting to show the Russians that American ideals are their ideals and to convince the Austrians and Bulgarians that danger to them lies in German victory.

The committee on public information through the United Press world-wide news distributing facilities sent President Wilson's address yesterday to every capital in the world and giving orders for bill board display throughout Russia and aeroplane distribution to the Teutons on all fronts.

Germany Slips Another Fake Over the People

(By United Press)

London, Jan. 9.—Germany has just put over another fake political crisis in manufactured reports that Von Hindenburg and Ludendorff would resign unless the policies favored by the German annexationists prevailed at Brest Litovsk. Both men were pictured to the German people as supermen who guaranteed the safety of the German people through their cunning, and thus secured the people's endorsement of the Brest Litovsk program. The best information shows that neither man is seriously considering resigning.

Nine Americans Probably Lost Torpedoed Boat

Washington, Jan. 9.—Nine members of the American steamer Harry Lukenbach which was torpedoed and sunk on Sunday are still unaccounted for, the navy department says. It was reported that 22 of the crew had been rescued.

Villa Captures Escobar

El Paso, Jan. 9.—It is reported that Col. Escobar and his 60 Caranzistas have been captured by Zetserino, Villista leader, at El Valla, Chihuahua.

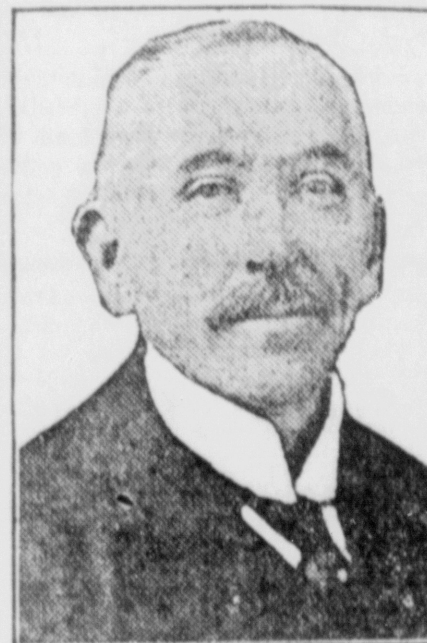

If Germany is Ready the Utterances Will Pave Way for Peace

(By United Press)

Washington, Jan. 9.—The utterances of President Wilson and Premier Lloyd George will pave the way for peace if Germany realizes she has reached the end of her rope. If Germany does not see the matter in that light a bitter struggle is ahead, and this is the view of the high authorities. Congress thinks that the address has hastened the negotiations.

WILLIAM M. HUGHES

Head of the Australian cabinet which has just resigned.

The Australian cabinet headed by Hughes, has resigned, according to a dispatch from Melbourne. Frank G. Tudor, labor leader, has been summoned to form a new ministry. On the defeat of conscription in 1916, Premier Hughes' cabinet resigned. A new cabinet, however, was formed with Hughes as premier. Conscription was defeated last month by greater majorities than in 1916. Tudor was in the Fisher cabinet, which resigned in 1909.

American Boys in Less Moral Danger Than in America

(By United Press)

With American Army in France, Jan. 9.—The concurrent report of the Catholic and Protestant chaplains attached to the American army says that the American soldiers in France are in less moral danger than they would be in the United States. They have found the most satisfactory moral conditions and the military authorities are vigilantly removing temptations, the men are honestly trying and as a result we have a clean army.

Violent French Attack

Berlin, Jan. 9.—An official statement says that violent French attacks west of Fliery penetrated the German line at isolated points but that the enemy were driven back by counter attacks.

Japan Completes Arrangements to Send Her Troops

(By United Press)

Tokio, Jan. 9.—The impression is growing that Japan has completed arrangements to instantly send troops to Vladivostok if needed for the protection of the allied interests and to guard the allied war material. Officials have refused confirmation but said, however, that the situation is critical.

Crowds March Thro Streets Demand Peace

(By United Press)

Geneva, Jan. 9.—Crowds marched through the streets of Berlin, Leipzig and Essen shouting, "We must have peace" when the news of the breaking off of the Brest Litovsk negotiations became known.

Russ and German Delegates Resume Their Peace Talk

(By United Press)

Amsterdam, Jan. 9.—Dispatches from Brest Litovsk via Berlin say that the Russian and German delegates held another preliminary conference on Tuesday and decided to resume peace negotiations this afternoon.

Germans Torpedo Hospital Ship Outside the Zone

(By United Press)

London, Jan. 9.—The admiralty announces the torpedoing of the British hospital ship Rewa by a German submarine, three of the crew being missing. The statement says that the ship carried all the lights and marking indicating that she was a hospital ship and that she was not within the limits of the so called German barred zone.

Kaiser Says he Has Been Champion for Weal of Humanity

Amsterdam, Jan. 9.—Kaiser Wilhelm in a special message informs the world that he has been champion for the weal of humanity and the peaceful cooperation of mankind for 30 years.

Firemen Killed in Chicago Fire

Chicago, Jan. 9.—Four firemen were killed and four others seriously injured by falling walls of a movie theatre which burned.

The Brainerd Toboggan club opens its winter season of sport Sunday. The track has been greatly improved and during the week will be iced so as to have everything in readiness for the big day Sunday.

A curve of easy proportions has been supplied, thus giving added enjoyment to the flying trip down the hill near the pumping station and out towards the river.

Many of the prominent officers and members of the club have entered Uncle Sam's service, but some of the old-timers remains. J. C. Strout is the secretary of the club and membership tickets should be procured from him.

Like all lines of transportation, railroads, toboggan slides, etc., it takes a ticket to travel. Money gained is used to keep the slide in shape and pay for other improvements.

HEAVY SNOW ON BRITISH LINE

Soldiers in Trenches Endure Intense Suffering.

With the British Armies in France, Jan. 9.—Another heavy snow storm set in Monday night along the British front and by morning several inches of snow were added to the already considerable depth on the ground. The weather turned colder and a biting wind was piling up snow drifts, rendering movement of traffic still more difficult.

There is little or no fighting going on, but the men in the front lines are enduring great hardships in their bitter battle with the weather and they long for spring, even though it may mean a renewal of intense hostilities.

Notwithstanding the bad roads, the British machine keeps on working methodically, though somewhat slower, for the shivering men in the trenches must be provided for and preparations must be made for a continuation of the warfare.

MISSISSIPPI FIRST TO RATIFY

Legislature Adopts Dry Amendment in 15 Minutes.

Jackson, Miss., Jan. 9.—Fifteen minutes after the subject was presented in Governor Bilbo's message to the state legislature, both houses have ratified the proposed prohibition amendment to the federal constitution. Only eight dissenting votes were cast. The Mississippi assembly is the first to act on the proposed amendment.

In the lower house the vote was 93 to 3 and in the senate, 32 to 5. Representatives from Warren county, cast the only negative votes in the House. In the Senate the votes were from scattered districts.

Kentucky to Vote on Prohibition.

Frankfort, Ky., Jan. 9.—In order that the voters may determine "once and for all" whether traffic in alcoholic liquors "shall be absolutely prohibited" in Kentucky, Governor A. C. Stanley in his message to the general assembly, which has convened here in biennial session, strongly urged speedy submission of the question.

Battle Ice Floes More Than Month.

Quebec, Jan. 9.—Death of starvation faces crews of four steamers said to be operated by the Lake Carriers association of Detroit, held in the ice-pack in the St. Lawrence river near Cape Chatte, according to reports. The names of three are given as the Ki-west, Sisco and German and the fourth is unidentified. The vessels have been battered about by ice for more than a month. A wireless message from the Kiwest said her boiler was disabled, her rudder gone and food was practically exhausted.

Russia's Sailor Minister of Marine Talking to Aid

Aid Debinkoff This photograph shows Debinkoff, the new Russian minister of marine, who a few weeks ago was a common sailor in the Russian navy. He was found between decks and hoisted from his humble place to command of the Russian navy. Here is shown talking with his chief aid, another man of the same origin.

Modelites—When Major Green was in Brainerd a few weeks ago he sent one of his aides to the Brainerd Model Laundry with some laundry. The aide came at 4 p. m. and wanted the package ready next noon. The girl at the desk said 5 p. m. next day was the best that could be done. "Major Green," said the manager of the laundry, "why certainly we can do anything for Major Green." And the laundry was sent back that very night, after but two hours in the plant. Major Green sent word from Little Falls that it was the best service he had ever heard of from any laundry in the United States. 11

BASIS FOR PEACE PACT
Wilson's Message to World Held Forerunner of Negotiations.
Terms As Laid Down Bring Approval From Both Democrats and Republicans.

Washington, Jan. 9.—On all sides in congress are heard beliefs that the President's message will form the real basis of the peace that will end the "last war for human liberty," as it was termed by President Wilson.

The frankness, definiteness and "utter simplicity" of the terms brought approval from both Democrats and Republicans.

Republican leaders approved the message in general, but attacked the section providing free trade after the war, insisting American industries must still be protected.

Majority Leader Kitchin and Chairman Flood of the foreign relations committee expressed the opinion the terms would be the foundation for peace. "It is my belief and hope it paves the way to peace," said Mr. Kitchin. "It was truly a remarkable address."

"The address was fine and timely," Mr. Flood said, "because it stated clearly and specifically the aims of the Allies. The position will be approved by the people of the country and it will greatly hearten the Allies, particularly Russia, which is wrestling with German intrigue."

Senator Hardwick of Georgia said he believed the President's message may lead at once to the opening of peace negotiations.

"If Germany does not plan world conquests, then it ought to be possible to agree on the terms that will save both the civilization and the Christianity of the world," said Senator Weeks.

Senator Chamberlain:—It states in the concrete all we are fighting for and states it so clearly that he who runs may read. It is the greatest of the President's state speeches.

LIND RESIGNATION RUMORED
No Confirmation or Denial Obtainable at Capitol.
St. Paul, Jan. 9.—Persistent rumors that former Governor John Lind has resigned from the Public Safety commission were in circulation at the capitol Tuesday during the first commission meeting in three weeks. Mr. Lind was absent.

Governor Burnquist announced he had "nothing to say" on the subject. H. W. Libby, secretary, said any information should be obtained from the governor.

Russian Troops Withdrawn.
Berlin, Jan. 9.—Withdrawal of Russian troops from a sector on the Macedonian front is reported in the statement from army headquarters.

Hotels May Be Put On Rations.
Washington, Jan. 9.—The hotels and restaurants of the country may go on food rations. A bill has been introduced by a representative of Minnesota amending Section 5 of the food law to include hotels and restaurants under the government licensing system. The amendment, if passed, would empower the government, under threat of withdrawing licenses, to compel hotels and restaurants to support weightless and meatless days; would prevent extortionate charges for meats and virtually place all under federal control.

To Mend Marble Ornaments.
To mend marble ornaments, plaster of Paris, finely powdered, is soaked in as much saturated solution of alum as it will absorb. The mixture is baked in a slow oven, and when hard it is ground to a powder. This powder, mixed in water and applied like plaster, sets very hard, will take a very good polish, and, if properly colored, makes a capital imitation of any kind of marble.

Packers Given Hearing.
Chicago, Jan. 9.—Mediation of the difference of packers and employes has begun before John E. Williams, federal mediator. Williams submitted to the demands of the packers and permitted them to present their case separately. They were allowed the first hearing. Labor leaders declared they would refuse such mediation and asked for joint session at the preliminary meeting just held. Williams was unable to say whether or not they had changed their view with his decision.

Annoying troubles, noxious weeds that they are, must have the elements of ordinary life or they will fade away and die—a receptive soil in which to grow, the moisture of one's own tears as well as the tears of as many other good people as can be induced to cry, and the gentle sunlight of sympathetic attention.—St. Paul Pioneer Press.

In Harvest Time.
The delights of vigorous manhood and womanhood are not those of youth, but they are none the less enjoyable because of that little difference, says St. Paul Pioneer Press. A life, well lived, grows richer, fuller and more bounteous as it approaches the harvest time.

BETTER THAN CALOMEL
Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

MEETING THE WAR NEEDS

Third Installment by Mrs. McKay of the Press Committee for Conservation of Food

"Women's business is to preserve and renew life."—Mrs. Severance, chairman Conservation Co., Minnesota Federation of Women's Clubs.

"Among the most vital concerns of this nation are the production, the conservation, and the distribution of our food supplies. These tasks deserve the immediate and earnest consideration of every thinking individual of the U. S."—Pres. Burton, U. of M.

"All proper means to maintain the health and strength of all our people should be used."—Gov. Burnquist.

These menus are almost weightless and almost meatless, yet they are a balanced "ration," and suggest health-conserving combinations throughout.

THURSDAY MENU.

Breakfast—Toasted bread, butter. Enjoy your toast by masticating it well. Then follow with coffee or milk.

Another nice breakfast consists of well-made and well-baked biscuits and butter and honey. Use 25% or even one-third barley flour, or buckwheat flour.

Noon Meal—Vegetable soup, apple pie and cheese. Use following recipe from Miss Poulter's group given at time of Potato Growers' convention:

POTATO PASTRY.

1 cup flour, 1/2 cup mashed potato, 1/4 cup fat, 1/2 teaspoon salt. (Use no water). Cream the fat and potato, add the flour and salt and mix until it forms a dough which can be rolled out like ordinary pie crust.

Dinner—This is to be a "meat meal." Easily planned. Let it be poultry where possible. Rutabagas and onions, jelly and any of the canned fruits make a simple, yet wholesome family meal.

"The problem of saving in food is a local and individual one, so that more precise and definite rules just to all cannot be formulated. It is a matter for the conscientious consideration of every individual."—Mr. Hoover.

Philathea Bible Class.

Monday evening the Philathea Bible class of the Methodist Sunday school were very pleasantly entertained by Mrs. George Senn and Mrs. Arthur Kurz at the home of the former, 710 N. 9th street. This was the first meeting of the new year and the new officers presided most efficiently. The evening was interspersed with red cross work, music and social repartee. Dainty refreshments were served. There was a splendid attendance and all enjoyed a delightful evening.

Rebekah Installation

The Rebekah lodge installed officers on Monday evening. The officers included:

Noble Grand—Mrs. Ethel Kelsen. Vice Grand—Mrs. P. J. Walters. Chaplain—Mrs. Elizabeth Eastman.

Financial Secretary—Harry Paine. Recording Secretary—Mrs. Winifred Nelson.

Treasurer—Mrs. M. E. Morrison.

Mid-Week Service

The Mid-Week service of the First Congregational church will be held this week at the home of Mr. and Mrs. C. W. Hoffman. Meeting will commence at 7:30 o'clock. Rev. G. P. Sheridan will give an exposition on the 4th Chapter of the Epistle of the Ephesians. Come and bring your Bibles.

Bethany Aid Postponed

The annual meeting of the Ladies Aid society of the Swedish Bethany church which was to have been held Thursday afternoon at the home of Mrs. C. E. Peterson, 1401 Pine Street Southeast, has been postponed on account of sickness.

Norwegian-Danish Aid

The Norwegian-Danish Lutheran Ladies' Aid society will meet Thursday afternoon at the home of Mrs. Peter Stendal, 1524 Southeast Pine street.

CONCERT FOR RED CROSS

Empey, Author of "Over the Top" Pays a High Tribute to Work of Red Cross

ORGANIZATION DOES MIRACLES

Restores Broken Down Bodies to Fairly Normal, Alleviates Much Intense Suffering

(Contributed)

Empey, the author of "Over the Top," is only one of thousands who have paid lasting tributes to the work of the American Red Cross.

This organization is doing miracles in restoring broken down bodies to fairly normal condition.

Unless we support the Red Cross we give the sanction to unnecessary suffering and untold agony, but every dollar helps to alleviate pain and staunch the stream of death.

On Friday, January 18th, the citizens of Brainerd will again have an opportunity to manifest their patriotism.

The Brainerd Symphony will give its first concert of the season in the opera house, admission 50 cents. The net proceeds will go to the Red Cross.

Let us pack the house and as the boys receive the daily paper, they will know we are "doing our bit" to help them in this great struggle.

MARLEY SHERRIS

Will Give Program for the Brainerd Musical Club on Saturday Afternoon at Elks Hall

Marley Sherris, baritone, will give the program at the Brainerd Musical club Saturday afternoon, at three o'clock at Elks hall. Mr. Sherris is well recommended in the various cities where he has been heard, and Brainerd music lovers may anticipate a rare treat at the Saturday afternoon recital.

All of the club members are admitted on their season tickets, and a fee of fifty cents will admit any non-members. It is hoped that a large audience will greet Mr. Sherris, and avail themselves of an opportunity to hear an unusually good selection of numbers by an artist of rare ability.

At the Best Today and Tomorrow

"The Honeymoon," starring Constance Talmadge, which will be shown at the Best theatre today and tomorrow, is a merry tale of marital mishaps that will bring a host of smiles to every one in the audience.

Presbyterian Church Notes

The weekly chorus rehearsal will take place this evening at the home of Mrs. George Hess. Special music will be arranged for the Sunday evening service.

Thursday evening at 7:15 the Sunday school lesson will be taught by the pastor. A general invitation is given to teachers to be present that they may have this aid for their Sunday classes.

At 7:45 the same evening will be held the mid-week prayer and Bible service. The sixteenth chapter of Matthew is being studied.

Friday evening there will be a young people's social at the home of Mr. and Mrs. B. A. Samuelson, 521 S. Broadway. There will be a program and lunch. The Christian Endeavor society will have charge.

The Ladies' Missionary society will meet at the home of Mrs. J. A. McKay, 518 S. Broadway, Friday afternoon at 3 o'clock.

On Sunday morning Rev. Lawrie will preach on the subject "The Silence of God." In the evening on "The Three Steps of Salvation."

The session met Monday evening at the manse and the trustees Tuesday evening at the Y. M. C. A. Reports of the every-member canvass were received. The financial condition of the church was found to be excellent.

Initial plans are being made for the erection of a new church on the corner of the present church property.

CHARPS AND FLATS

BY FIDD.

Mrs. B. J. Kelley and two daughters of Aitkin are visiting with Dr. Kelley in Georgia. The doctor leaves for France within the next few weeks.

Herbert Robinson of Staples was in Minneapolis on his holiday vacation. He had the time of his life surprising relatives with his violin playing. A year ago he hardly knew what a violin was, but has rapidly developed into a brilliant pupil.

Lester Bredenberg is the owner of a very old and valuable violin which has been repaired and put in condition by McCoy of Staples. Prominent musicians pronounce it one of the best violins upon which they have ever played.

Helen Frost returned to the normal at St. Cloud on Monday. She has enjoyed her visit and most reluctantly returns to a town that does nothing worth mentioning orchestral.

The following is word for word as recently remarked by a resident of Fargo visiting in Brainerd: "I only wish Fargo was a musical city such as Brainerd. I should like to move here and give our children the advantages you all enjoy here."

During vacation some school children also take a vacation in their music. A mighty poor policy for that should be your chance to show what you really are capable of doing.

Edwin Harris Bergh will give a short recital and talk on music in every school in Brainerd. Crosby, Ironton, Aitkin, Staples and Wadena once a month. The first course and dates will be as follows: Aitkin, Jan. 14th; Crosby and Ironton, Jan. 15th; Brainerd, Jan. 16th; Wadena, Jan. 17th, and the morning of Jan. 18th at Staples. Nearly 5,000 school children will in this way hear many interesting things about music of which they might otherwise never be told. Music to be played Jan. 18th by the Symphony will also be distributed.

We must have more cello players in Brainerd. At present there is but one student of the instrument and about two years ago there were seven. Something will have to be done as the Symphony orchestra lacks balance. Staples has at present four cello students, Aitkin one, Crosby two and Ironton one. Cello playing is by no means a lost art.

Contrary to expectations the hand rehearsal last week was attended by more musicians than ever before. A splendid rehearsal was the result. It was decided to give a big concert during the early part of March.

Katherine Potts of Deerwood, the daughter of the mayor of that village, is a new and excellent pupil of the violin.

Of interest to every musician and student of music in Crow Wing county was the announcement in Monday's Dispatch relative to the broad policy of admitting any one to the ranks of the Brainerd Symphony. Mr. Bergh cannot hope to see personally all those who would like to join or rejoin the orchestra, as he asks those who read this column to

tell their musical friends of this wonderful opportunity now open to every student of music. For the coming concert Jan. 18th, two rehearsals will be necessary, one on Saturday, Jan. 12th from 7 to 9 at Odd Fellows hall, and the other an afternoon rehearsal on the day of the concert. Do not embarrass officials of the orchestra if you find you cannot attend these rehearsals. Get in line for the next series of rehearsals to begin Feb. 16.

So many requests are being received to join the Brainerd Symphony at the rehearsal of Feb. 16th, that Mr. Bergh has appointed Edwin Lee assistant conductor, and will place in his hands a share of the burden of future rehearsals. Mr. Lee has shown himself especially adapted to this line of musical work and results obtained by him promise to be most gratifying.

Life is so short, our stay in Brainerd so uncertain, why should musicians fight?

Edwin Lee directs a ten-piece orchestra Friday at Staples for the big annual engineers hall. Every member of the orchestra except Mr. Lee, is a resident of Staples. This is the first time in five or six years that a Staples orchestra was able to land the contract.

Wilfred Canan, cartoonist on the Courier-News, Fargo, has so successfully filled his position and enlarged his scope that on Feb. 1st he is slated for a raise nearly trebling his present salary. He certainly receives the recognition due him in our opinion. Additional work at this time may interfere with his coming down to play with our orchestra Jan. 18th.

This year the orchestra is playing music that is printed and not manuscript a sin former years. The music for just one concert last year necessitated the copying of 429 parts and each part took just 20 minutes to do. Now at that rate it took Mr. Bergh 12 days of 12 hours each to finish the job. This season he is going to save his eyesight for another day.

IF WOMEN ONLY KNEW

What a Heap of Happiness it Would Bring to Brainerd Homes.

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that

Backache pains often come from weak kidneys,

"I would save much needless woe. Doan's Kidney Pills are for weak kidneys."

Read what a Brainerd citizen says: Mrs. J. P. Koeppl, 409 S. Ninth St., says: "I had considerable trouble with my kidneys and at times I found it almost impossible to do my housework as my back would be so lame and painful. My kidneys acted irregularly and too frequently. I tried Doan's Kidney Pills and it was no time before I got relief. Whenever I feel my kidneys require attention I use Doan's Kidney Pills and they always bring the desired results."

INDIVIDUAL RIGHTS MAY YET SUFFER

GOVERNMENT LIKELY TO COMPEL THE PEOPLE TO MAKE SOME SACRIFICES.

TO CUT PASSENGER TRAVEL?

Weather Bureau Warns Against Letting Foodstuffs Freeze—Political Gossips Pick McAdoo as Presidential Nominee of the Democrats.

By ARTHUR W. DUNN.

Washington.—So far in the conduct of the war the government has not been obliged to interfere with the rights of individuals to any great extent. We hear of commandeering from time to time, and men were taken into the army without their consent, but the average citizen has gone his way without being disturbed in his usual avocations.

We are likely to see a change if the war lasts a long time. Many individuals will not make sacrifices voluntarily, but only upon demand of the government. We are likely to see compulsion because there are so many who will not make sacrifices nor inconvenience themselves to any great extent in order to insure the success of the war.

Attention has recently been called to the fact that there was treble the passenger railroad travel at the Christmas holiday period than ever before, notwithstanding the demand for locomotives and trackage to move coal and other necessities for the government and the people. It would not be at all strange if action should be taken to limit passenger railroad travel to actual necessity. This would be a radical departure from anything heretofore attempted in this country.

Watch the Weather Reports.

The weather bureau has issued a warning to people generally to watch the weather reports and heed cold-wave signals. Especial attention is called to the danger of food being destroyed by freezing and people are warned to keep perishable foods protected in the days of intense cold weather. These warnings should be sent to some of the army quartermasters as it is reported that large quantities of food at army camps have been destroyed by freezing.

The officials of the Red Cross are particularly gratified with the standing of the organization in the country. When they set out to raise \$100,000,000 they secured the sum in a month. They set their figures at 10,000,000 new members by Christmas and exceeded the number by 3,000,000. One reason why this organization is so successful is that every person feels that the time may come when the organization will extend relief, comfort and cheer to some one near and dear to him or her. It is the one organization which reaches everywhere in times of distress and suffering.

A Little Political Gossip.

Even in these days a little political gossip is heard occasionally. One idea which has lodged in Republican minds is that Secretary McAdoo is to be the candidate of the Democrats to succeed President Wilson. Several ambitious political engineers had laid down a plan to make McAdoo governor of New York as a stepping stone to the White House. This plan was presented to Byron Newton, collector of the port of New York, and a very devoted lieutenant of the secretary.

"Do you suppose," he almost roared, "that a man who has the biggest job of all, who is doing a great national work, is going to give it up to be governor of any state, even the largest and most important state in the Union?"

Senator Ellison D. Smith of South Carolina will become chairman of the committee on interstate commerce as he is the next ranking member to the late Senator Newlands. Mr. Smith is one of the few senators who do not figure as lawyers, though legal and Constitutional questions are generally the principal points of difference in all railroad legislation. But there are lawyers enough on the committee and in the senate to render Senator Smith all the assistance he may require.

How Mark Twain Saved.

Mark Twain says that in his earlier days he did not enjoy the exceptional prosperity which came later in his career. It is commonly the lot of genius to suffer neglect at first and the experience did not affect his abiding good nature, says Boys' Life. In a conversation with William Dean Howells on one occasion the subject of literary vicissitudes was broached by the humorist.

"My difficulties taught me some thrift," he observed. "But I never knew whether it was wiser to spend my last nickel for a cigar to smoke or for an apple to devour."

"I am astounded," observed Mr. Howells, "that a person of so little decision should meet with so much worldly success."

Mark Twain nodded very gravely. "Indecision about spending money," he said, "is worthy of cultivation. When I couldn't decide what to buy with my last nickel, I kept it, and so became rich."

Not Much of It.

Patience (bringing her new gown from a closet)—This is my new dress I spoke to you about.

Patrice (alarmed)—But you're not going to wear that!

"Who did you suppose was going to wear it?"

"Why, I thought perhaps it was for your little girl's doll!"

REJECT BRITISH TERMS

Foe Says Lloyd George's Conditions Unacceptable.

Cornerstone of Negotiations Must be Integrity of Germany and Austria.

Amsterdam, Jan. 9.—Territorial integrity of Austria and Germany must form the cornerstone of new peace negotiations, the official North German Gazette declares, according to dispatches received here.

Premier Lloyd George's speech indicated there was practically no change in Great Britain's war aims, the newspaper asserted.

The Budapest Pester Lloyd printed a dispatch from Vienna declaring: "It was learned in political circles it was impossible for the Teuton powers to accept Lloyd George's peace conditions."

Moderation is Recognized.

London, Jan. 9.—While no German official or semi-official reply to Premier Lloyd George's speech has been issued, much newspaper comment has been received.

Some of the German newspapers recognize moderation in the speech, but they assert without exception the conditions laid down by him cannot be accepted.

It is considered significant, however, that the comment of Vorwaerts has not been received, so the opinion of the Socialists in Germany is unknown outside of that country.

Cannot be Accepted.

The Kölnische Zeitung, according to a dispatch from Central News Agency, says of the prime minister's speech:

"If his war aims should be fulfilled Germany would be driven back into her position of 1914, but without Alsace-Lorraine and the German colonies, and loaded with an immense war indemnity, faced with a dangerous Polish state on her frontier and, moreover, delivered to the discretion of the Allies for receiving goods. The peace offer of Premier Lloyd George cannot be accepted."

TO CUT COAL CONSUMPTION

Budget Plan Expected to Save 50,000,000 Tons.

Washington, Jan. 9.—A "coal budget plan," based on voluntary agreements of manufacturers not engaged in war work to reduce fuel consumption, and backed by orders of the fuel administration, making the agreements applicable to all factories of each industry, is announced by the fuel administration as its method for adjusting demand to supply in 1918.

Reduction in consumption of possibly 50,000,000 tons of coal for the year is contemplated. The army and navy, munitions works, other war material factories, public utilities and domestic consumers will be the only classes of consumers to receive 100 per cent of their needs while the war continues.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have hollow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

MISSING VEST HUNG IN TREE

Farmer's Raiment, Containing Money,
Disappeared From Bush—Crows
Blamed as Guilty Culprits.

Spooky things happen and sometimes puzzle people. Occasionally they can be accounted for, as in this case, notes Copper's Magazine. One morning early in August Sayles Turner, an Eastern farmer, went to work in his hay field. As the morning was warm, Turner removed his vest and hung it on a small bush. When he quit work late in the afternoon he went for his vest, but it was gone. In the pocket of the vest was \$20 in bills. Turner decided it had been stolen.

A few days ago Turner and his hired man went to the woods, five miles from his house, to cut wood. The first tree cut was a large hemlock. On a limb near the top of the tree they saw an object fluttering in the breeze. The tree was felled and the men went to the object. It was Turner's lost vest. Nineteen of the twenty dollars were in the vest pockets. The vest was badly torn, which may account for the missing dollar. Turner believes that crows carried the vest from the hay field and deposited it in the top of the tree.

Canaries Are Hardy.

The canary is a very adaptable little bird, and their biographer says that they seem to thrive in any climate where not exposed to too severe weather conditions, and, in spite of the long period they have been protected and held in captivity, they are capable of enduring a surprising degree of cold when hardened to it. In England it is not unusual to find them in outdoor aviaries throughout the year. They also seem, he says, to be able to re-establish themselves in a wild state under favorable conditions. In 1909 a brood of domestic canaries was released on Midway Island, a small, sandy islet in the Hawaiian group. By 1914 they had increased until it was estimated that they numbered about 1,000.

Berlin Dispatches Say Men Are
Enlisting With American
Forces.

WILL RESUME THE WAR

Severe Discipline and Unconditional
Obedience Are Required Accord-
ing to Alleged Orders, Ger-
many Hears.

London, Jan. 9.—According to dispatches from Berlin the Roumanian army, which was forced to abandon hostilities when Russia entered into negotiations with Germany, is being enlisted in the United States army and will resume the war on the kaiser as an American force.

The semi-official German agency, the Wolff bureau, announces that the Roumanian troops are being re-enlisted with sanction, and perhaps at the order of their own government.

The German dispatch says:

"On the Eastern front the following wireless message has been made public, probably by the Roumanian government.

"To all officers.—Soldiers wishing to serve in the American army should apply to the American military mission at Jassy. The first condition is severe discipline and unconditional obedience. It will be necessary for soldiers to obtain a recommendation from their officers. Preference will be given those who are willing to serve permanently."

TO CORRECT EXISTING EVILS

Senators Have Reforms in Army Supply Purchasing Ready.

Washington, Jan. 9.—Convinced that the present system of purchasing army supplies is a failure, the Senate military committee will abruptly cease its probe into the War department and hurry to Congress a bill designed to correct the evils. One of the bills now before the committee creating a department of munitions and taking the purchasing power from the council of national defense will be used.

After Secretary of War Baker testifies, the committee will cease work and not resume it until the bill has been fought out on the floor.

Charles Eiseaman, chairman of the supply committee, testified. He indicated his probable resignation, by saying: "I'll be glad to get off the job just as soon as it is consistent with due regard to the safety of the nation."

He said he believed the committee's system of purchases had saved \$75,000,000 to the country. He criticized the lack of swiftness in the quarter master's department.

SPEEDING UP WAR INDUSTRY

Labor Administration Begins To Put Plan Into Effect.

Washington, Jan. 9.—Approval by President Wilson of a program for war labor administration has been given by the Council of National Defense. The purpose is to provide workers for war industries and machinery for safeguarding labor standards and maintaining industrial peace.

Secretary Wilson of the Department of Labor has been requested by the President to assume charge of this administration and already has begun work, as shown by the announcement that the United States employment service would have direction of recruiting three million workers for war factories and shipbuilding plants.

SOON TO HAVE FINE FLEET

Submarine Flotilla Will Be As Good As Germany's.

St. Louis, Jan. 9.—Chairman Padgett of the House naval committee, who came here to make several addresses, said that within a year the United States would have a submarine fleet as good as that of Germany or better.

"The number of submarines now under construction is a naval secret," he said, "and all that can be said is that the 125 which are being built under the authorization of the program of August, 1916, are only a part of the whole number."

Officers Thwart Mob.

Sioax City, Iowa, Jan. 9.—William Bartels, of Homer, Neb., was saved from lynching when he was arrested by Federal officers for alleged pro-German utterances. A citizens' party was on the way to Bartels' home, but the officers reached the place first and brought their man to Sioux City.

Lloyds Estimate on Shipping.

Washington, Jan. 9.—Homer L. Ferguson, president of the Newport News Shipbuilding company, testifying before the Senate commerce committee, disclosed that Lloyds estimate of America's 1918 output of steel ships is 2,500,000 tons. Reports, he said, of 5,000,000 to 8,000,000 tons production were misleading to the public and should not be permitted to go unchallenged. Mr. Ferguson estimated the country's 1918 production of ships of all kinds at 3,000,000 tons.

'IN WAR TO END,'
WILSON'S REPLY

America Fights to End Menace
Of Kaiserism and Guarantee
Fairness to Weak People.

FOE MUST PAY FOR ACTS

Restoration, Reparation, Freedom of
Seas, Reduction of Armaments
And Guarantees Among
Demands.

Washington, Jan. 9.—Until the menace of Kaiserism is ended for all time, until the world is safe for democracy, and to guarantee fairness and justice to all the weaker peoples; that long is the United States in the war.

This was the announcement of President Wilson in addressing a joint session of the Congress of the United States on "Our Foreign Relations."

Outdoes Lloyd George.

President Wilson went even further than Mr. Lloyd George, British premier, in his address Saturday, and served notice on the Teuton powers the people of the United States have pledged their lives, their honor and everything they possess to the principle of international justice.

Directed to Russia.

"The moral climax of this, the culminating and final war for human liberty, has come, and the people of the United States are ready to put their own strength, their own highest purpose, their own integrity and devotion to the test," announced the President.

It was the "compelling voice of the Russian people," asking a definition of America's "principles and purpose," that prompted the President to speak. And it was largely to Russia that his speech was directed.

Fourteen Separate Articles.

He struck at the sinister activities of the German rules, demanded light on all future negotiations and treaties and held resolute to his stand for territorial adjustments that will insure peace.

The President's program is composed of 14 separate articles and provides for restoration and reparation, guarantees for territory and national life, freedom of the seas and access to them, reductions of armaments and guarantees or the sanctity of agreements between nations.

War Provocation Removed.

In a word the President said, the program removes the chief provocations to war.

But, in order this pronouncement should be definitely understood as one of war aims rather than peace aims, the President declared:

"For such arrangements and covenants we are willing to fight and to continue to fight until they are achieved."

This he followed with a restatement that the world wars only on a Germany crazed by war, not on a Germany of peaceful pursuits, no matter however great they may be.

Ready for Sacrifice.

"We wish her only to accept a place of equality among the peoples of the world," said the President. "The new world in which we now live—instead of a place of mastery."

These aims, the President declared shared by co-belligerents, were the aims and principles of the people of the United States for which they are willing to sacrifice everything.

NATIONAL "DRY" CONVENTION

To Be Held Under Special Call In Chicago March 5.

Chicago, Jan. 9.—A call for a special national convention of the Prohibition party for Chicago, March 5, was issued yesterday by Virgil G. Hinshaw, chairman. The call contained an appeal to the governors of "dry" states and to those "likely to go dry," for special legislatures to ratify the prohibition constitutional amendment.

The 1918 convention of the Prohibitionists will be two years earlier than is the party's custom. "Owing to the rapid march of events and to the exigencies of the national administration, it is considered necessary," said Mr. Hinshaw, "to meet in March, when the party will consider and will outline a campaign for the ratification of the prohibition amendment, equal suffrage, public ownership of public utilities and other democratic reforms."

Rail Purchase Law Suspended.

Washington, Jan. 9.—Suspension of the Clayton law's provisions which prohibit interlocking purchasing transactions between railroads and corporations, has been approved by the house. It already had been approved by the senate. By joint resolution the operation of the law is deferred until next January.

Overeating Costs Too Much.

Washington, Jan. 9.—Tons of food could be saved daily if America would quit eating a third to half again as much at each meal as it needs, food officials declare. "Most of us eat ourselves stupid," one said. Insurance statistics show that, except where the food supply in Germany has sunk below the amount actually needed to insure health, the people are better off for reductions forced upon them. The official referred to makes the suggestion that American overeaters quit the habit voluntarily.

KAISER'S CROWN
NOW IMPERILED

Teutonic Empire Just Now In
Throes of Gravest Crisis In
Its Entire History.

IS BETWEEN TWO FIRES

Must Renounce Plans Laid Down To
Russia or Accept Challenge of
Socialists Who Are Ready
To Fight.

Amsterdam, Jan. 9.—Berlin is engulfed in a political chaos. Between the militarists and anti-annexationists yawns a gap apparently so wide and so deep that it seems unbridgeable. There are now the strongest indications that the kaiser faces the inescapable choice between two courses:

1. To authorize a complete back-down by the Teutonic powers on the Russia demand to evacuate all occupied territories, and thus renounce every vestige of velle annexation claims. That would mean, it is reported, that immediate resignations of Hindenburg and Ludendorff, resulting in incalculable depression among the Teuton armies and a possible pan-German uprising.

2. To take up the challenge of the Socialists and Liberals for a finish fight on the annexation issue by standing pat on the Brest-Litovsk peace terms. That would mean a breakup of the Reichstag majority bloc, the reunion of the whole Socialist party, and a possible rising of the masses to force peace.

Kaiser's Crown Imperiled.

In both cases the kaiser's crown would be gravely imperiled.

Dispatches from Berlin tell of an unflinching determination of the Socialists, reinforced by large section of the Liberals, to fight this battle through to a finish. Vague as they were, after careful doctoring by the German censors, these advices showed convincingly that the empire is in the throes of the gravest crisis in its history.

Now comes the cables from America with the full text of President Wilson's war aims speech. What effect this momentous utterance, with its direct challenge to the Reichstag's majority to assert itself, will have upon the situation in Berlin and Brest-Litovsk, is beyond estimate.

New Formidable Weapon.

Certain it is, according to the consensus of observers here, that the American executive has placed in the hands both of the German anti-annexationists and the Russians, a formidable weapon in their supreme combat with militarism and autocracy.

SAYS "MIGHT MAKES RIGHT"

German Would "Bleed France Until White"—Talks at Halle.

Zurich, Jan. 9.—"We must recognize only one principle, that might is right, and must know neither sentiment nor consideration of humanity or compassion," said General von Lieh in a speech before the conservative congress, in which he declared Germany must have Courland, Belgium and Northern France.

The speech, according to dispatches received here was delivered before the congress meeting at Halle.

"We will incorporate Courland, bringing in 60,000,000 Russians, and the Slav nightmare will then ride as no longer," General von Lieh asserted.

"We must have Belgium and Northern France," he continued. "The curse of God is upon the French. Portuguese possessions must disappear. France must pay until bled white."

Washington, Jan. 9.—Favorable report has been submitted by the House woman suffrage committee on the Baker federal suffrage amendment resolution. It is identical with one already reported without recommendation by the judiciary committee. The House votes on suffrage Thursday.

Alien Enemy Is Mayor In U. S.

Michigan City, Ind., Jan. 9.—Michigan City has been under the rule of a subject of the kaiser for 48 hours and the streetcars seem to run along in the same old way. The ruler's name is Frederick Charles Miller. Thus far he has weathered attacks in state and federal courts to keep him out of office. While attorneys at Valparaiso were making a showing before Circuit Judge Loring in another determined effort to halt Miller in his march to the city hall, he and his cohorts made the march.

SUGAR

With a view to giving the public a correct understanding of the sugar situation, the following FACTS are presented:

Existing conditions are world wide in their effect, not in any sense local. Any consideration of the question of available sugar supply must take into account a series of extraordinary factors.

The immediate effect of the declaration of the European war was to cut off from the world's market the sugar of the Central Powers. About one-third of the world's total production formerly came from within the present battlelines of Europe. The Western battlefield passes through the sugar producing territory of France and of Belgium. In consequence, England, France and other foreign countries have competed with the United States for Cuba's cane sugar.

Not only did this cause an advance in the price of raw and refined sugar, but until competition was checked by the recent agreement among the Allies, it resulted in lessening the supply available to the people of this country last fall.

At the same time, an abundance of sugar—hundreds of thousands of tons—has been locked up in far-away Java, owing to the lack of ships to transport it. It is no more available than unmined gold. To provide ships to bring this sugar here—or to Europe—would withdraw them from the more important business of carrying our soldiers and their supplies overseas, as Mr. Hoover has pointed out.

The nation-wide movement to save the fruit crop last season greatly increased the use of sugar. While the quantity in the sugar bowl was for this and other reasons lessened, this sugar is wisely stored as food in preserved fruits, jams and jellies.

"Every jar of fruit preserved adds that much to our insurance of victory, adds that much to hasten the end of this conflict."

Because of the increased demand for sugar, more sugar cane has been planted in Cuba, Porto Rico, Hawaii and Louisiana, the chief sources from which the United States gets cane sugar.

The reports from Cuba and Porto Rico make the situation more favorable than a month ago for a supply to meet the sugar needs of all who are dependent on this source—including this country, our soldiers abroad and the Allies.

We buy raw cane sugar in the open market and refine it. To the extent of our ability, we are co-operating with the Government to insure a fair distribution of cane sugar, to stabilize the price to the consumer and to prevent hoarding and waste. We kept our refineries working last fall so long as there was a ton of raw sugar to be had.

In order to make our output of refined sugar go as widely as possible, we distribute Domino Cane Sugars in convenient-size cartons and small cotton bags. These small-size packages make it easy for grocers to limit sales to actual needs and to prevent hoarding. They help to prevent waste in the home. Housewives can cooperate with this plan by asking for these package sugars.

It will be necessary for grocers and consumers to watch carefully their distribution and purchases during the approaching period of readjustment. The refineries are now stepping up and supplies of raw sugar coming forward but it will take weeks, and possibly months, for the return of normal conditions.

In war-time and at all times it is our aim to safeguard the interests of the public we serve.

Early in the spring a big sawmill is to be established near the paper mill and electric power will be used. Alfred Wilson of Motley is the moving spirit in this enterprise and it is asserted he has closed a deal with Minneapolis parties to saw 25,000,000 feet of lumber during the next five years. The Wilson mill is expected to saw 25,000 feet every ten hours.

ANNUAL MEETING OF THE CHAMBER

This Evening at 8 O'clock and it is
the Duty of Every Member to be
in Attendance

OFFICERS WILL BE ELECTED

Meeting is of More Than Ordinary
Importance as Plans for Year
Will be Discussed

The annual meeting of the Chamber of Commerce will be held this evening at 8 o'clock and all members interested in the work of the organization are expected to be present.

Officers will be elected, reports heard and a general discussion of the affairs of the corporation follow. The work of the past year has been important and the demands upon the Chamber many. The meeting this evening is of more than ordinary significance because of these facts.

The new committee on committees will meet next week and name committee chairmen and members. Plans for a membership drive postponed from last spring will be discussed early in the club year.

The advisory board was to have met last evening but owing to the fact that the rooms had been promised for the medical association meeting, was postponed to 5 p. m. today when every chairman of a committee is expected to be present.

Wilson Mill Activities on Site of Old
Mill Will Also Give Boost to
That Town Section

A report in Brainerd is to the effect that The Northwest Paper Co. may enlarge its paper and pulp plant in Brainerd to twice its capacity. The present plant is so built that additional units can easily be added.

Inquiry at the offices of the company elicited no information, statements there being they had no knowledge of any plans of the company.

The mill gives employment to many men and has virtually assisted to put Northeast Brainerd, a thriving section of Brainerd, on a solid foundation.

Early in the spring a big sawmill is to be established near the paper mill and electric power will be used. Alfred Wilson of Motley is the moving spirit in this enterprise and it is asserted he has closed a deal with Minneapolis parties to saw 25,000,000 feet of lumber during the next five years. The Wilson mill is expected to saw 25,000 feet every ten hours.

A PATRIOTIC BELLHOP

Sam Rosenzweig of Ransford Hotel
Shows His Patriotism By
Doing Things

Only a bellhop at the Ransford hotel, but nevertheless one of the most patriotic fellows in Brainerd, for Sam Rosenzweig, age 22, follows the Biblical injunction in being known by his work.

Here is his list of boosting for Uncle Sam:

+ Three Liberty Bonds.
+ \$50 each\$150.00
+ Donation to Red Cross. 5.00
+ Donation to Y. M. C. A.
+ war fund work. 5.00
+ Donation to Knights of
+ Columbus war fund. 5.00
+ Thrift card stamps. 5.00
+ War saving certificate. 5.00

Sam's parents live in Grand Forks, N. D., where he gained his first hotel experience, adding to it at Fargo, and then getting his Brainerd job.

Same was in the first draft, but did not pass the physical examination. He is now in class I to be examined again.

You can easily spot Sam, for his very appearance is patriotic. He has red hair, which plus the always immaculately white collar and shirt, coupled with the blue uniform, spells the national colors, red, white and blue.

QUESTION ON SALARY PAID

Joseph Shartel, Deputy Internal Revenue Collector, Explains Income Tax Law

QUESTION ON ROOM AND BOARD

Can a Taxpayer Claim a Deduction for His Own Remuneration?—Employers' Duties

Joseph Shartel, deputy revenue collector, has taken up further provisions of the income tax law and explained them for the benefit of Dispatch readers as follows:

If my salary for December, 1917, is not paid to me until some day in Jan., 1918, or later, is its amount to be included in my 1917 return?

It is to be returned for the year during which it was actually received by you.

If an employer agrees to pay an employee a certain stipulated salary and furnish him with room and board, are the latter items to be considered in computing income tax liability?

Yes. A fair rental value is to be placed upon the room and a fair value upon the meals furnished, and their amounts reported as income by the employee. If the services of the employee are used in the employer's business or trade, the latter may claim the rent paid by him for the room, if any, and the actual cost of the meals so furnished as a deduction under the head of Business Expenses.

Can a taxpayer claim a deduction for his own remuneration?

Wages or salary drawn by a taxpayer from his own business are more in the nature of a charge out of profits than a charge against profits. If such could be deducted they would merely be added to his income, the effect of which would be to take money out of one pocket and put it in another. Therefore, no deduction can be claimed.

Before March 1, every unmarried person having an income for 1917 of \$1,000 or more and every married person having an income for 1917 of \$2,000 or more must file a statement with the collector of internal revenue. Now is the time to see Mr. Shartel at the Ransford hotel, get your blanks, ask your questions. So far very few men of the shops, foundry, paper mills, the plant, etc., have been at the hotel to see him. Every employer of labor will file a statement showing every man paid annually \$800 or more.

WOODMEN INSTALLATION

To be Held at Their Hall on Friday
Evening, January 11—Hot
Coffee on Program

Brainerd Camp, No. 2337 of the Modern Woodmen of America, will install their officers Friday evening, January 11. There will be some hot coffee and cake for the members, nothing elaborate, but something to warm up after braving winter's cold and an incentive to get some of the stay-at-homes to attend lodge.

The officers-elect for 1918 are: Consul—C. Bruhn.
Advisor—O. D. Larson.
Banker—Henry Squires.
Clerk—L. T. Noggle.
Assistant Clerk—M. E. Morrison.
Escort—A. T. Peterson.
Watchman—J. C. Britton.
Trustee for three years—T. E. Toohy.

Examining Physicians—Dr. C. S. Reimstad Dr. Joseph Nicholson and Dr. D. E. Nelson.

W. J. GARVEY IN YEAR'S RESUME

Well Known Chief of Metropolitan
Hotel Experience Bought Restaurant at Geo. West

GREATLY INCREASED BUSINESS

Brother Dan Garvey of Minneapolis
Now Chief—Many Banquets
Served at Restaurant

In February of 1917, William J. Garvey bought the restaurant of Geo. R. West and shortly after made many improvements and has so largely built up its patronage that the Garvey restaurant, as it is now known, is classed as one of the best in the city.

The cuisine of the restaurant was shown to Eagles and their wives when Mr. Garvey acted as caterer to this lodge at their annual Thanksgiving banquet. Complete satisfaction was expressed by all in attendance at the dinner.

Numerous dinner parties are the rule at Garvey's. Tuesday evening, for instance, the county commissioners and several other county officers had dinner at the restaurant.

Wm. J. Garvey was a chef for seven years at the Ransford hotel. Previously he had been in the employ of the Saulpaugh at Mankato and the West hotel in Minneapolis. His brother Dan of Minneapolis fame is now chef and Mrs. McNaughton is night cook.

IT WAS JUDGE SHERWOOD SAT

On Tuesday Judge Harrison B. Sherwood, special municipal judge, heard his first case on the bench entitled Heath vs the Northwestern Telephone Exchange Co. involving suit for alleged trespass of a telephone wire and a claim for damages. The case was taken under advisement after hearing the testimony.

Judge Walter F. Wieland is in Chicago and in his absence Special Judge Sherwood heard the case.

EXCELLENT PRODUCTION

"Watch Your Step" Pleases Brainerd
People, Danced its Way into
Their Graces

If ever there was a play that danced its way into the good graces of Brainerd people, it was "Watch Your Step" at the Brainerd opera house on Tuesday evening.

The main floor was well filled and balcony and gallery were crowded to suffocation.

First honors of course are accorded Miss Helen Delany as the dancing teacher. A hit was made by that beanstalk comedian, a veritable "Tuesday" when it came to a meatless representation, Fred Hillebrand. He sang well too.

Frank Coombs had a remarkably good tenor voice and especially in the last act won high favor with his singing.

"Watch Your Step" had syncretized one-stepping, fox-trotting, waiting and even grand opera syncretized with yards and yards of Irving Berlin's music that makes your feet just want to keep time and pucker your mouth into almost whistling out and joining the chorus.

It was one of the best costumed shows making Brainerd in a long time. For swell dancing in squads that little syncretized chicken line of six or more can hand it to any squad at a cantonment. The way they made their mass evolution on Brainerd's narrow stage without a bit or miss called forth heavy applause.

Charles E. Udell was a most likeable Ebenezer Hardacre and Ernest, played by Miss Valie Belasco Martin was a most adorable little heroine.

The scenery was dazzling and novel. The most applause was a singing number was accorded Coombs when he sang "Wasn't It Yesterday."

Had the Grip Three Weeks.

With January comes lagrippe. Lingering colds seem to settle in the system, causing one to ache all over, feel feverish and chilly, tired, heavy and drooping. Mrs. Lizzie Tyles, Henderson, Ky., writes: "My daughter had lagrippe for three weeks. I gave her Foley's Honey and Tar and now she is all right." H. P. Dunn, druggist. mwf

Optimistic Thought.

Purity is the feminine, truth the masculine, of honor.

Are you Provident? Do you Plan Ahead?

From all indications we are assured that prices on winter goods and garments for next year will make this season's prices seem very cheap.

We call this to your attention that you may avail yourself of the savings to be secured by purchasing for next winter now. Some are doing this.

With next seasons price for raw wool \$1.20 a pound instead of 18c as before the war and skilled labor being better paid than before, the result on prices will be very clearly seen.

We can save you money on woolen hosiery, underwear, sweaters and garments for next year. Will you avail yourself of the opportunity?

"Say Doctor, This Prescription Works Like Magic"—Physician Explains Why Nuxated Iron

Quickly Puts Astonishing Youthful Power Into the Veins of Men and
Brings Roses to the Cheeks of Nervous, Run-Down Women.

Ask the first hundred strong, healthy looking people you meet to what they owe their strength and energy and see how many reply "Nuxated Iron."

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.) of New York and the Westchester County Hospital says: "Thousands of nervous, run-down, anaemic people suffer from iron deficiency but do not know what to take. There is nothing like organic iron—Nuxated Iron to quickly enrich the blood, put roses in the cheeks of women and give men that youthful 'punch' vitality and 'staying' power. A patient of mine said to me after a short course of Nuxated Iron: 'Say, Doctor, this prescription works like magic.'"

Unlike the older forms of iron, Nuxated Iron does not injure the teeth nor upset the stomach, but is readily assimilated and you can quickly recognize its action by a renewed feeling of snap, vigor and increased staying power.

No matter what other iron remedies you have used without success, if you are not strong or well you owe it to yourself to make the following test:

NOTE—Nuxated Iron recommended above by Dr. Sullivan can be obtained from any good druggist, with or without a physician's prescription, on an absolute guarantee of success or money refunded. It is dispensed in this city by H. P. Dunn and all good druggists.

PRINTERS' INK

Has done more towards nursing a sick or stagnant business than any known remedy. To get the desired results one should learn the real value of this great commodity and its relative merits when employed in the right way.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled. This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustrous and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

WILSON AGAIN OUTLINES AIMS

Presents Definite Program For World Peace, In Speech In Congress In Reply To Czernin Offer.

Text of Message

Washington, D. C., Jan. 9.—President Wilson, addressing congress, has just delivered a restatement of America's war aims.

A definite program for world peace, containing fourteen specific considerations, was presented.

The President's address in practically every instance was in agreement with the recent declaration of Premier Lloyd George of Great Britain.

Distribution to all parts of the world of President Wilson's address by cable and wireless has been arranged for by the committee on public information. The sending began in New York at the press censor's office as soon as word was received from Washington that the president had begun to speak.

The President spoke as follows:

Gentlemen of Congress:

Once more, as repeatedly before, the spokesmen of the Central Empires have indicated their desire to discuss the objects of the war and the possible bases of a general peace. Parleys have been in progress at Brest-Litovsk between Russian representatives and representatives of the Central Powers to which the attention of all the belligerents have been invited for the purpose of ascertaining whether it may be possible to extend these parleys into a general conference with regard to terms of peace and settlement. The Russian representatives presented not only a perfectly definite statement of principles upon which they would be willing to conclude peace, but also an equally definite program of the concrete application of those principles. The representatives of the Central Powers on their part presented an outline of settlement which, if much less definite, seemed susceptible of liberal interpretation until their specific program of practical terms was added.

Proposed No Concessions.

That program proposed no concessions at all either to the sovereignty of Russia or to the preference of the population with whose fortunes in dealt but meant, in a word, that the Central Empires were to keep every foot of territory their armed forces had occupied—every province, every city, every point of vantage, as a permanent addition to their territories and their power. It is a reasonable conjecture that the general principles of settlement which they have at first suggested originated with the more liberal statesmen of Germany and Austria, the men who have begun to feel the force of their own people's thought and purpose while the concrete terms of actual settlement came from the military leaders who have no thought but to keep what they have got. The negotiations have been broken off. The Russian representatives were sincere and in earnest. They cannot entertain such proposals of conquest and domination.

Upholds Russians.

The whole incident is full of significance. It is also full of perplexity. With whom are the Russian representatives dealing? For whom are the representatives of the Central Empires speaking? Are they speaking for the majorities of their respective parliaments or for the minority parties, that military and imperialistic minority which has so far dominated their whole policy and controlled the affairs of Turkey and of the Balkan states which have felt obliged to become their associates in this war? The Russian representatives have insisted, very justly, very wisely, and in the true spirit of democracy that the conferences they have been holding with the Teutonic and Turkish statesmen should be held within open, not closed doors, and all the world has been audience as was desired. To whom have we been listening then? To those who speak the spirit and intention of the resolutions of the German reichstag of the 9th of July last, the spirit and intention of their liberal leaders and parties of Germany, or to those who persist and defy that spirit and intention and insist upon conquest and subjugation? Or are we listening in fact to both unreconciled and in open and hopeless contradiction? These are very serious and pregnant questions. Upon the answer to them depends the peace of the world.

Premier's Talk Praised.

But whatever the result of the parleys at Brest-Litovsk, whatever the confusions of counsel and purpose of the world.

New York Milk Men Indicted.

New York, Jan. 9.—Indictments against seven members and officers of the Dairymen's league have been returned, charging violation of the New York anti-trust law. It is alleged the accused men conspired to fix retail milk prices. The indictments are based on a price lower than the rate authorized, thus raising a legal conflict between the state authorities on what constituted an illegal price fixing and the determination reached on this point by the federal government.

the utterances of the spokesmen of the Central Empires, they have again attempted to acquaint the world with their objects in the war and have again challenged their adversaries to say what their objects are and what sort of settlement they would deem just and satisfactory. There is no good reason why that challenge should not be responded to with the utmost candor. We did not wait for it. Not once, but again and again we have laid our whole thought and purpose before the world. Not in general terms only, but each time with sufficient definition to make it clear what sort of definite terms of settlement must necessarily spring out of them. Within the last week Mr. Lloyd George has spoken with admirable candor and in admirable spirit for the people and government of Great Britain. There is no confusion of counsel among the adversaries of the Central Powers, no uncertainty of principals, no vagueness of detail. The only secrecy of counsel, the only lack of fearless frankness, the only failure to make definite statement of the object of the war, lies with Germany and her allies. The issues of life and death hang upon these definitions. No statesman who has the least conception of his responsibility ought for a moment to permit himself to continue this tragical and appalling outpouring of blood and treasure unless he is sure beyond a peradventure that the objects of the vital sacrifice are part and parcel of the very life of society and that the people for whom he speaks think them right and imperative as he does.

Definitions Called For.

There is, moreover, a force calling for these definitions of principle and of purpose which is, it seems to me, more thrilling and more compelling than any of the many moving voices with which the troubled air of the world is filled. It is the voice of the Russian people. They are prostrate and all but helpless, it would seem, before the grim power of Germany, which has hitherto known no relenting and no pity. Their power, apparently, is shattered. And yet their soul is not subdued. They will not yield either in principle or in action. Their conception of what is right, of what is humane and honorable for them to accept has been stated with frankness, a largeness of view, a generosity of spirit and a universal human sympathy which must challenge the admiration of every friend of mankind; and they have refused to compound their ideals or desert others that they themselves may be safe.

They call on us to say what it is that we desire; in what, if anything, our purpose and our spirit differ from theirs. And I believe that the people of the United States would wish me to respond, with utter simplicity and frankness.

Wants Processes Open.

Whether their present leaders believe it or not, it is our heartfelt desire that some way may be opened whereby we may be privileged to assist the people of Russia to attain their utmost hope of liberty and ordered peace. It will be our wish and purpose that the processes of peace, when they are begun, shall be absolutely open and that they shall involve and permit henceforth no secret understandings of any kind.

The day of conquest and aggrandizement is gone by; so is also the day of secret covenants entered into in the interest of particular governments and likely at some unlooked for moment to upset the peace of the world. It is this happy fact now clear to the view of every public man whose thoughts do not still linger in an age that is dead and gone which makes it possible for every nation whose purposes are consistent with justice and the peace of the world to avow now or at any other time the objects it has in view.

We entered this war because violations of right had occurred which touched us to the quick and made the life of our own people impossible unless they were corrected and the world secured once for all against their recurrence.

Safe World To Live In Demanded.

What we demand in this war, therefore, is nothing peculiar to ourselves. It is that the world be made fit and safe to live in; and particularly that it be made safe for every peace loving nation which, like our own, wishes to live its own life, determine its own institutions, be assured of justice and fair dealing by the other peoples of the world as against force and selfish aggression. All the people of the world are in effect partners in this interest and for our own part we see very clearly that unless justice be done to others, it will not be done to us. The program of the world's peace, therefore, is our program; and that program, the only possible program, as we see it, is this:

First—Open covenants of peace, openly arrived at, after which there shall be no private international understandings of any kind but diplomacy shall proceed always frankly and in the public view.

Second—Absolute freedom of

Milk-Fuel Famine Faces Chicago.

Chicago, Jan. 9.—There will be a milk and fuel famine here unless the citizens combine to defeat the menace. In one day the city spent \$10,000 for 2,200 laborers, 631 teams and seven snow plows. The whole force hardly made a dent in the drifts that have blocked all delivery of food and coal. Each citizen is being urged by the commissioner of public works and the Association of Commerce to lend a hand. Neither milk nor groceries could be delivered in normal quantities.

navigation upon the seas, outside territorial waters, alike in peace and in war, except as the seas may be closed in whole or in part by international action for the enforcement of international covenants.

Third—The removal, so far as possible, of all economic barriers and the establishment of an equality of trade conditions among all the national consenting to the peace and associating themselves for its maintenance.

Fourth—Adequate guaranties given and taken that national armaments will be reduced to the lowest point consistent with domestic safety.

Fifth—A free, open minded and absolutely impartial adjustment of all colonial claims, based upon a strict observance of the principles that in determining all such questions of sovereignty the interests of the populations concerned must have equal weight with equitable claims of the government whose title is to be determined.

Sixth—The evacuation of all Russian territory and such settlement of all questions affecting Russia as will secure the best and freest cooperation of the other nations of the world in obtaining for her an unhampered and unembarrassed opportunity for the independent determination of her own political development and national policy and assure her of a sincere welcome into the society of free nations under institutions of her own choosing and, more than a welcome, assistance also of every kind that she may need and may herself desire. The treatment accorded Russia by her sister nations in the months to come will be the acid test of their good will, of their comprehension of her needs as distinguished from their own interests, and of their intelligent and unselfish sympathy.

Seventh—Belgium, the whole world will agree, must be evacuated and restored, without any attempt to limit the sovereignty which she enjoys in common with all other free nations. No other single act will serve as this will serve to restore confidence among the nations in the laws which they have themselves set and determined for the government of their relations with one another. Without this healing act the whole structure and validity of international law is forever impaired.

Eighth—All French territory should be freed and the invaded portions restored, and the wrong done to France by Prussia in 1871 in the matter of Alsace-Lorraine, which has unsettled the peace of the world for nearly 50 years, should be righted, in order that peace may once more be made secure in the interest of all.

Ninth—A readjustment of the frontiers of Italy should be affected along clearly recognizable lines of nationality.

Tenth—The peoples of Austria-Hungary, whose place among the nations we wish to see safeguarded and assured, should be accorded the freest opportunity of autonomous development.

Eleventh—Rumania, Serbia and Montenegro should be evacuated. Occupied territories restored; Serbia accorded free and secure access to the sea; and the relations of the several Balkan states to one another determined by friendly counsel along historically established lines of allegiance and nationality; and international guaranties of the political and economic independence and territorial integrity of the several Balkan states should be entered into.

Twelfth—The Turkish portions of the present Ottoman empire should be assured a secure sovereignty, but the other nationalities which are now under Turkish rule should be assured an undoubted security of life and an absolutely unmolested opportunity of autonomous development, and the Dardanelles should be permanently opened as a free passage to the ships and commerce of all nations under international guaranties.

Thirteenth—An independent Polish state should be erected which should include the territories inhabited by indisputable Polish populations, which should be assured a free and secure access to the sea, and whose political and economic independence and territorial integrity should be guaranteed by international covenant.

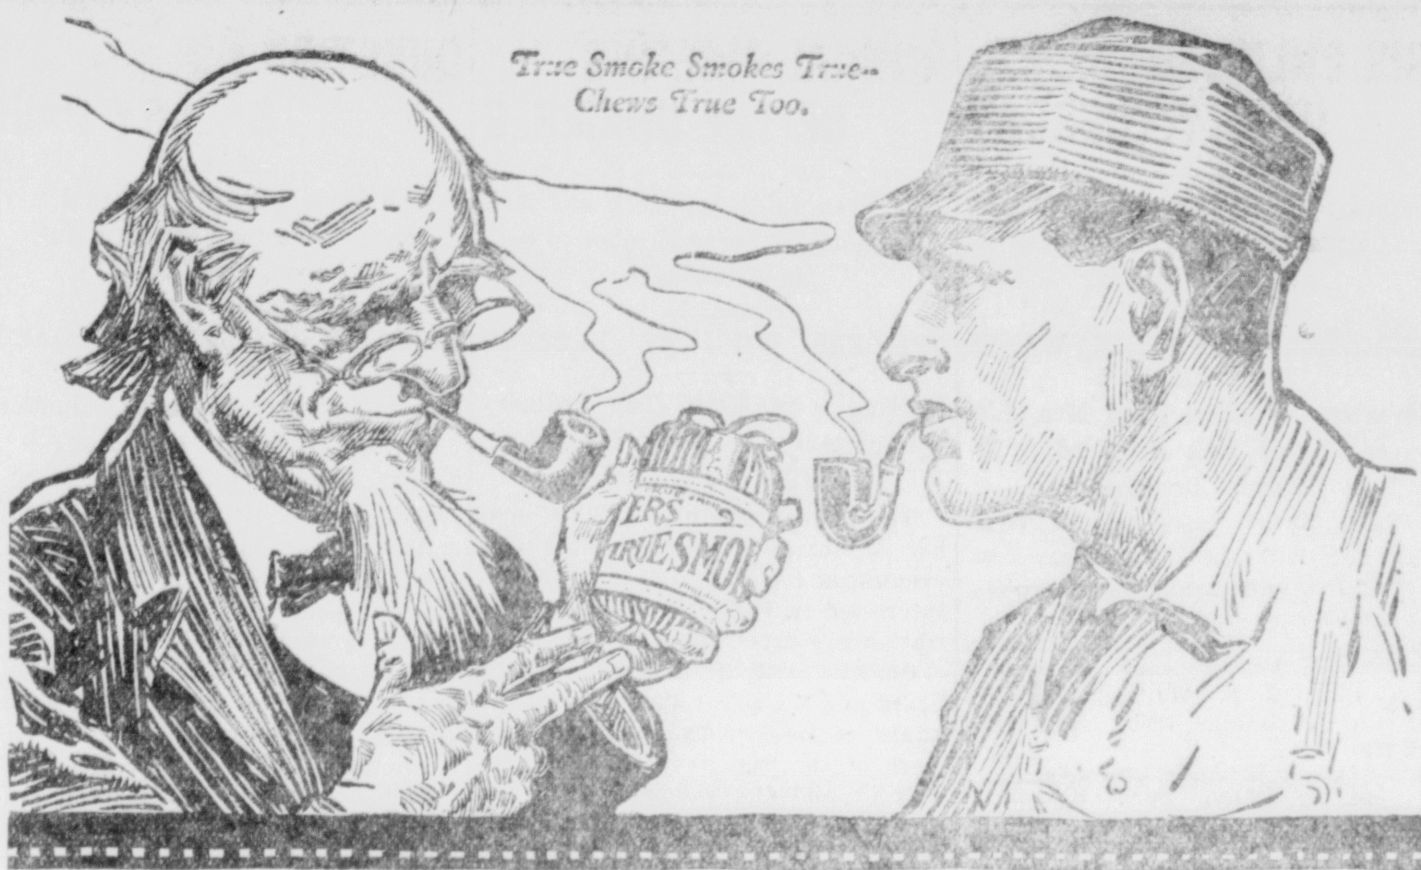

Fourteenth—A general association of nations must be formed under specific covenants for the purpose of affording mutual guaranties of political independence and territorial integrity to great and small states alike.

In regard to these essential rectifications of wrong and assertions of right we feel ourselves to be intimate partners of all the governments and people associated together against

Federal Judge Accused.

Seattle, Jan. 9.—Citizens of Nome Alaska, have filed charges of pro-Germanism against Federal Judge William S. Holzmeier, recently appointed to Nome division. Other charges of gambling and excessive drinking were also made.

Washington, Jan. 9.—Construction of an army cantonment at Revolt, Va. near Washington, for training of 16,000 engineers for overseas duty, is authorized by the War department.

40 Years Ago I started smoking True Smoke

I've seen many different brands come and go—tried several of them myself—but I always come back to True Smoke. It's the best all-round honest smoke I've found. No bite or parch; no after effects; no regrets. Any tobacco that has stood the test for 40 years must be mighty good tobacco. That's exactly what you'll find True Smoke—mighty good tobacco. Ask your friends, they know.

Only in five states of the whole Union can we find tobacco good enough for True Smoke. This choice tobacco is blended only by experts; aged only by nature. It is rich, fragrant, fully seasoned tobacco; the best for either chewing or smoking. Try it. True Smoke is sold in 10c flat or round bags and in 50c fiber containers. If you can't get it from your dealer, send us his name and address with 10c and we will see that you are supplied—at once.

he imperialists. We cannot be separated in interest or divided in purpose. We stand together until the end.

Foe to be Equal But Not Master.

For such arrangements and covenants we are willing to fight and to continue to fight until they are achieved; but only because we wish the right to prevail and desire a just and stable peace such as can be secured only by removing the chief provocations to war, which this program does remove. We have no jealousy of German greatness and there is nothing in this program that impairs it. We grudge her no achievement or distinction of learning or of pacific enterprise such as have made her record very bright and very enviable. We do not wish to injure her or to block in any way her legitimate influence or power. We do not wish to fight her either with arms or with hostile arrangements of trade, if she is willing to associate herself with us and the other peace loving nations of the world in covenants of justice and law and fair dealing. We wish her only to accept a place of equality among the peoples of the world—the new world in which we now live—instead of a place of mastery.

Must Know Who is Represented.

Neither do we presume to suggest to her any alterations or modification of her institutions. But it is necessary, we must frankly say and necessary as a preliminary to any intelligent dealings with her on our part, that we should know whom her spokesmen speak for when they speak to us, whether for the Reichstag majority or for the military party, and the men whose creed is imperial domination.

Aims Clear; Ready for Test.

We have spoken now, in terms too concrete to admit of any further doubt or question. An evident principle runs through the whole program I have outlined. It is the principle of justice to all peoples and nationalities, and their right to live on equal terms of liberty and safety with one another, whether they be strong or weak. Unless this principle be made its foundation no part of the structure of international justice can stand. The people of the United States could act upon no other principle, and to the vindication of this principle they are ready to devote their lives, their honor and everything that they possess. The moral climax of this, the culminating and final war for human liberty has come, and they are ready to put their strength, their own highest purpose, their own integrity and devotion to the test.

Cast Dice for Bibles.

The Bible Orchard is a piece of land the parish of St. Ives, Hants, England. Dr. Robert Wilde, who died in 1878, bequeathed £50, the year interest on which was to be expended in the purchase of six bibles, each should be "cast for by dice" on a communion table of St. Ives on the Thursday of May, by six boys six girls of the town. Hence the name is known as Bible Thursday. A capital sum was invested in it is known as Bible Orchard.

Do Something Better Than the Other Fellow--- and ADVERTISE

Advertising cannot accomplish the impossible any more than barren ground can yield rich crop.

But how advertising does make things hum when the product and proposition are right, the men and methods above board, when there's an honest purpose and earnest effort from bundle boy to general manager to serve efficiency, to deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue your organization with the spirit of true service, make your business worthy of the good will, the confidence, the patronage of the people.

In this fertile field then sow the seed of advertising and it will bring forth abundant crops in increased business and augmented prestige.

Your store news in the Dispatch will be read in practically every home in Brainerd and vicinity every evening.

Newly Acquired Dignity.

Elmer brought home the morning mail, in which was the news of the arrival of mother's first grandchild. We other four children, as well as half a dozen of the neighbors, were sitting on the grass in the yard when Elmer, full of the news, rushed upon us, screaming at the top of his voice: "Get out of the way for your Uncle Elmer!" —Exchange.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.
